Subject: Superfund Flow Chart

Hi, Liz.

How are you doing? I'm looking forward to talking with you and Paula tomorrow!

We are being asked about EPA's work in the Upper Animas going forward, and I think the chart we have talked about showing the relationship between removal and remedial activities would really be helpful when we have those conversations. Could you work on that ASAP so we can include it in our planning for those communications?

Thanks!

Cynthia Peterson
